

HP Deskjet 9600 Series Printers

9650 • 9670 • 9680

Designed for small businesses and home offices that require high performance, wide-format color and photo-printing, the compact HP Deskjet 9600 Series printers offer high quality, professional results with maximum versatility.

Versatile

- **Flexible media options.** Print on media sizes from 4 by 6-inch postcards to 13 by 19-inch posters, and on a wide variety of HP printing materials, from plain paper and glossy photo paper to heavy stock.
- **Built to fit your needs.** Available options include two-sided printing and PostScript 3 software RIP for excellent color accuracy.
- **Saves valuable space.** The sleek, compact design of the HP Deskjet 9600 Series printers fits into your office space with ease.

Professional photo-printing quality

- **The look and feel of professional photos.** With HP's 6-ink printing, produce vibrant, photo-quality images with up to 4800 optimized dpi printing¹ (on HP Premium Photo Paper) or HP PhotoREt IV color layering technology.
- **Enhanced images.** Get four-sided, borderless printing on a variety of media types, from 4 by 6 to 11 by 17 inches.
- **Simple, brilliant color.** HP's 6-ink printing system and patented ink formulations work with HP photo-paper coating to produce true-to-life, fade-resistant photos.

Quality performance

- **Uncompromised, high-quality printing.** Print at speeds of up to 20 ppm in black and 15 ppm in color, without sacrificing quality.
- **Trusted HP technology.** HP Smart Printing Technology in the HP inkjet print system and the HP Deskjet 9600 Series printers monitor system performance and optimize print quality.

HP printing and imaging systems help you create powerful, professional communications easily. Printers, supplies, accessories, digital solutions, and services are designed together to work together and invented to meet your business needs.

¹ Up to 4800 optimized dpi color printing on premium photo papers and up to 1200 by 1200 dpi rendered black text on inkjet paper

HP 9600 Series Printers Deskjet

HP Deskjet 9650 printer

- HP PhotoREt III and HP PhotoREt IV technology¹ uses industry color standards for 4- and 6-ink color management, including ColorSync, ICC Profiles, and PANTONE^{®2}.
- Specially formulated photo inks and ultra-small drops create realistic detail in true-to-life photos.
- Use 4-ink printing for high quality printing of spreadsheets, presentations, and everyday business needs or switch to 6-ink printing for exceptional, vibrant photos and images.
- Optional automatic two-sided printing

¹ HP PhotoREt IV technology for 6-ink printing, HP PhotoREt III technology for 4-ink printing.

² PANTONE Inc.'s check-standard trademark for color.

HP Deskjet 9670 printer

All the features of the HP Deskjet 9650 plus:

- Standard automatic two-sided printing

HP Deskjet 9680 printer

All the features of the HP Deskjet 9650 plus:

- PostScript[®] software RIP for high quality, precision printing

Enjoy exceptional office and photo print quality. Have the convenience of professional-looking business documents or photographs at your desk or in your office with this personal, versatile printer.

High-performance printing

Your work demands reliable, convenient printing that is fast, yet professional. The HP Deskjet 9600 Series printers give you the versatility you need to print photograph-quality documents for your business, while delivering the high print quality required for spreadsheets, presentations, and other wide-format printing jobs.

- Create posters, brochures with photos, full color presentations, technical drawings, and spreadsheets all with one HP printer.
- Print full color booklets and two-sided flyers with the easy-to-use two-sided printing accessory (standard on 9670 model).
- Produce photo blowups and oversized images that are free of distortions with PostScript 3 software RIP (standard on the 9680 model).
- The compact design fits well in small workspaces, increasing flexibility and productivity.

Superior, high quality images

Achieve the look and feel of high quality professional photos with the HP Deskjet 9600 Series printers. Take advantage of the printers' photo-printing features and HP technology to create exceptional, vibrant photos and images, whether you're marketing your product, recording historic events, or preserving memories. HP photo-printing technology ensures natural looking detail, realistic skin tones, and the virtually grain-free appearance of true-to-life photos.

- Six-ink PhotoREt IV color layering provides advanced photographic reproduction, color accuracy and contrast, and image clarity.
- Borderless, edge-to-edge printing options are available on media up to 11 by 17 inches wide.

Flexible supply options that are right for you

HP specialty papers and HP print cartridges provide broad flexibility to fit all your business needs.

- Create the business documents you need in a range of types and sizes. Choose from HP premium photo papers, two-sided gloss brochure paper, banner paper, transparencies, heavyweight paper, everyday bright white paper ranging in media sizes from 4 by 6-inch photo paper to 13 by 19-inch poster paper.
- The versatile HP ink system, equipped with monochrome, color, and photo printing ink cartridges, utilizes HP Smart Printing technology to communicate with your printer, monitoring system performance and optimizing print quality.
- Specially formulated, patented inks in the HP ink system work together with sophisticated coating technology (on HP Premium Plus Photo Paper) to produce bright, colorful photos that resist fading longer than traditionally processed photos.²

Receive the legendary HP quality and reliability you've come to trust when you combine the versatility and performance of an HP Deskjet 9600 Series printer with a one-year warranty, phone support from HP Customer Care, and upgradeable support and service options.
