color inkjet printer

Enjoy printing freedom with the HP Deskjet 995c color inkjet printer. Print without cables directly from up to 32 feet away from your laptop, PDA or mobile device with Bluetooth wireless technology.

freedom

- fast print speeds with or without cables—up to 17 pages per minute in black and up to 13 pages per minute in color using wireless Bluetooth technology or infrared connectivity or using a USB cable
- print from up to 32 feet away with Bluetooth wireless technology
- high quality, color business documents right from your desktop—easily and conveniently print multiple presentations, reports and marketing materials in brilliant color whenever you need them

smart features

- print two-sided documents—save time, money and file space with included automatic duplexing unit
- get optimum results with automatic paper-type sensor—detects the paper type you're using and automatically adjusts print settings
- print cancel button—stop unwanted print jobs and save paper
- ensure your documents look their best—low-ink indicator alerts you to ink supply needs before you print

flexible

- easily share the printer on a network—using optional external hp jetdirect print server
- print large and small documents—150-sheet paper tray facilitates high-volume printing and custom-size media
- a wide variety of printing materials that are sure to meet your business needs—two-sided gloss and matte brochure papers, card stock, transparency film and premium gloss and matte photo papers
- hp inkjet papers ensure crisp, clear images, extra legible text and photo-quality finishes
- hp inkjet cartridges—get sharper edges, smoother color transitions and superior image quality plus a competitive cost per page every time you print

HP printing and imaging systems help you create powerful, professional communications easily. Printers, supplies, accessories, and services are designed together to work together and invented to meet your business needs.
